probably not be commenced before next Elkton last night.

soon after the money became available, all the candidates. In fact, one of the main reasons urged in favor of the measure when it was pending was the necessity for making FIRES INTO CROWDED CAR mmediate provision for protecting the valuable records of the corporation in a fire-proof apartment. It was pointed ou that in the event of a blaze in the city hall building, important documents which have been on file there for many year would probably be destroyed. In many cases, it was asserted, the records could

due in the first place, it is stated, to trouble in causing a lessee to vacate certain premises on the first floor of th oullding, where it is designed to trans fer the clerk's office. This obstacle was nowever, removed several weeks ago. When the improvements are made they will be under the direction of City En-
